Sierra Birds: A Hiker's Guide

This easy-to-use, pocket-sized handbook is designed for the beginning birder and outdoors-lover. Naturalist John Muir Laws illustrated the birds of the Sierra Nevada in beautiful watercolor drawings. Key identification clues are pointed out. Each species is arranged by size and color which are often the first things that a novice notices.

This book is highly recommended as a research tool and/or as an interpretive sale item where appropriate.

Retail price: \$9.95 paper, ISBN 1-890771-78-3
