Product Description:

These items were developed with the help of the National Park Service. The stacking blocks stack up to a 3 foot tower and condense back into a 6" cube with a carry handle. All products are made from recycled materials. The redwood tree stacking block tells a 3-D story of a redwood tree while the lighthouse narrates how a lighthouse can save the day. *See the attached card for more information.*

☐ All these products retail very well, especially when they are displayed with the blocks stacked up.

☐ Retail price: Board books: \$6.95 Blocks: \$20.00
The blocks wholesale for \$9.98 and the matching board books wholesale for \$3.48. Blocks and books are ordered in dozens, with no minimums for re-orders. All products are UPC coded. Orders are shipped within 3 days of receipt of order.
