As of July 1, 2010, the units and properties of the California State Park System were operated through 25 districts. The majority of the units are managed by 20 districts, identified on the map by name and with their land area shown in specific colors. The eight State Vehicular Recreation Area units are managed through five Off Highway Motor Vehicle Recreation Districts, the unit-specific locations of which are indicated on the map by their names alone using a typeface smaller than that used for the names of the other districts.

This map is used for the report, *Planning Milestones for the Park Units and Major Properties Associated with the California State Parks System, July 1, 2010*, published by the California Department of Parks and Recreation, Planning Division, Sacramento, California. Information for the *Planning Milestones* July 1, 2009 map was compiled between July 1, 2009 and June 30, 2010. In the interest of consistency throughout the fiscal year, California State Parks uses information current as of July 1 for official unit/property references in the upcoming year.

The units' parcel boundaries are approximate and should not be considered legal descriptions. The smaller units are indicated by a dot for larger than the area covered by the properties themselves.
