

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

500.2.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.2.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- (a) Explanation of the violation or charge
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

500.2.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular manslaughter
- (b) Felony and misdemeanor driving under the influence of alcohol/drugs
- (c) Felony or misdemeanor hit-and-run
- (d) Refusal to sign notice to appear

California Department of Parks and Recreation

Policy Manual

Policy Manual

Traffic Function and Responsibility

- (e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances

Refer to Policy Manual §420 for policy regarding custody arrests for misdemeanor violations.

500.3 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.4 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.4.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

Traffic Collision Reporting

502.1 PURPOSE AND SCOPE

The California Department of Parks and Recreation prepares traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service may make traffic collision reports available with some exceptions to involved parties, their insurance companies, and their legal counsel (Vehicle Code § 20012).

502.2 RESPONSIBILITY

The Chief Ranger will be responsible for distribution of the Collision Investigation Manual. The Chief Ranger will receive all changes in the state manual and ensure conformity with this policy.

502.3 REPORTING SITUATIONS

502.3.1 TRAFFIC COLLISIONS INVOLVING STATE VEHICLES

Traffic collision investigation reports shall be taken when a State-owned or State-leased vehicle is involved in a traffic collision upon a roadway within the jurisdiction of the Department of Parks and Recreation wherein any damage or injury results. Whenever there is damage to a State vehicle, a Vehicle Damage Report shall be completed and forwarded to the appropriate Supervisor.

Photographs of the collision scene and vehicle damage shall be taken at the discretion of the State Park Peace Officer taking the report, or as directed by a Supervising State Park Peace Officer.

502.3.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES

When an employee or volunteer of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the California Department of Parks and Recreation resulting in a serious injury or fatality, the Supervising SPPO or the Shift Supervisor, may request assistance from the California Highway Patrol.

The term serious injury is defined as any injury that may result in a fatality.

502.3.3 TRAFFIC COLLISIONS WITH OTHER STATE EMPLOYEES OR OFFICIALS

The District Superintendent or on-duty Shift Supervisor may request assistance from the California Highway Patrol for the investigation of any traffic collision involving any State official or employee where a serious injury or fatality has occurred.

502.3.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

Traffic collision reports shall not be taken for vehicle collisions occurring on private property inholdings. If the property owner requests a report, the State Park Peace Officer shall make every effort to notify the California Highway Patrol to handle the request.

If the collision involves a Department vehicle and there are no injuries and no other vehicles are involved, a traffic collision report shall be completed. In this case an Incident Report may be substituted for the traffic collision report.

Traffic Collision Reporting

502.3.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

collision reports shall be taken when they occur on or off a roadway within the jurisdiction of this department under any of the following circumstances:

- (a) When there is a death or injury to any persons involved in the collision
- (b) When there is an identifiable violation of the Vehicle Code
- (c) When a report is requested by any involved driver

Vehicle Towing and Release

510.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the California Department of Parks and Recreation. Nothing in this policy shall require the Department to tow a vehicle.

510.2 STORAGE AND IMPOUNDS

When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

510.2.1 VEHICLE STORAGE REPORT

Department members requesting towing, storage, or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator, and the original shall be submitted to the Records Center as soon as practicable after the vehicle is stored.

510.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in the Communications Center.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call the appropriate tow facility. The officer will then store the vehicle using a CHP Form 180.

510.2.3 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee's vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high-crime area).

California Department of Parks and Recreation

Policy Manual

Policy Manual

Vehicle Towing and Release

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the Department will not be responsible for theft or damages.

510.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS

Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver's license, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the officer shall list on his/her copy of the notice to appear the name and driver's license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver's license and current vehicle registration.

510.2.5 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Department should not be driven by Department personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

510.2.6 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the Communication Operator shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call any local towing service in the general vicinity of the call for service.

California Department of Parks and Recreation

Policy Manual

Policy Manual

Vehicle Towing and Release

510.2.7 RECORDS CENTER RESPONSIBILITY

Records personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Shift Supervisor for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Center to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

- (a) The name, address, and telephone number of this Department.
- (b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
- (c) The authority and purpose for the removal of the vehicle.
- (d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, in writing, or by telephone within 10 days of the date appearing on the notice.

510.3 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

510.4 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

510.5 RELEASE OF VEHICLE

The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing.

California Department of Parks and Recreation

Policy Manual

Policy Manual

Vehicle Towing and Release

Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

- (a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (b) Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver's license, and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:
 - 1. The vehicle was stolen.
 - 2. If the driver reinstates his/her driver's license or acquires a license and provides proof of proper insurance.
 - 3. Any other circumstance as set forth in Vehicle Code § 14602.6.
 - 4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.
- (d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.

510.6 TOWING FOR EXPIRED REGISTRATION

Prior to a member removing a vehicle that is found to have expired registration for more than six months, the member shall verify that no current registration exists with the Department of Motor Vehicles (DMV). If current registration exists with the DMV, the vehicle shall not be removed (Vehicle Code § 22651(o)(1)(A)).

Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

512.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the California Department of Parks and Recreation, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code §§ 22650(a) and 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

512.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852). The District Superintendent will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code §§ 22851.3(e)(2) and 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code §§ 14602.6(b) and 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code §§ 14602.6(b) or 14608(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations

California Department of Parks and Recreation

Policy Manual

Policy Manual

Vehicle Impound Hearings

where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department's policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

- (a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.
 - 1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.
- (b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department's expense (Vehicle Code § 22852(e)).
- (c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Division Chief. The hearing officer will recommend to the appropriate Division Chief that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.

Impaired Driving

514.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY

The California Department of Parks and Recreation is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

514.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The Chief Ranger will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in California or another jurisdiction.

514.4 FIELD TESTS

The Chief Ranger should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI laws.

514.5 CHEMICAL TESTS

A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

- (a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.

Impaired Driving

- (b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person's blood alcohol content is 0.05 or more (Vehicle Code § 23140).
- (c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
- (d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

514.5.1 CHOICE OF TESTS

Officers shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

A person arrested for DUI has the choice of whether the test is of the person's blood or breath, and the officer shall advise the person that the person has that choice. If the person arrested either is incapable, or states that the person is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the officer may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

514.5.2 BREATH SAMPLES

The District Superintendent should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the District Superintendent.

When the arrested person chooses a breath test, the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The officer should also require the person to submit to a blood test if the officer has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an

California Department of Parks and Recreation

Policy Manual

Impaired Driving

alcoholic beverage and any drug. Evidence of the officer's belief shall be included in the officer's report (Vehicle Code § 23612(a)(2)(C)).

514.5.3 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task.

Officers should inform an arrestee that if the arrestee chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored, and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because the arrestee has a bleeding disorder or has taken medication that inhibits coagulation, the arrestee shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

514.5.4 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain the arrestee's dignity, to the extent possible, while still ensuring the accuracy of the sample (Vehicle Code § 23158(i)).

The sample shall be packaged, marked, handled, stored, and transported as required by the testing facility.

514.5.5 PRELIMINARY ALCOHOL SCREENING

Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, the person shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy the person's obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

514.5.6 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21

If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately

Impaired Driving

available, the officer may request the person to submit to chemical testing of the person's blood, breath, or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

514.5.7 STATUTORY NOTIFICATIONS

Officers requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

514.6 REFUSALS

When an arrestee refuses to provide a viable chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (Vehicle Code § 23612).
- (b) Audio- and/or video-record the admonishment when it is practicable.
- (c) Document the refusal in the appropriate report.

514.6.1 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (Penal Code § 1524).
- (b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

514.6.2 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that the person will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of the person's duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.
 - 1. This dialogue should be recorded on audio and/or video if practicable.

California Department of Parks and Recreation

Policy Manual

Impaired Driving

- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.6.3 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

514.7 DISTRICT OR DIVISION OFFICE RESPONSIBILITIES

The Records Manager will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

514.8 ADMINISTRATIVE HEARINGS

The supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Any officers who receive notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

Officers called to testify at an administrative hearing should document the hearing date and DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified. The District Office should forward this to the prosecuting attorney as part of the case file.

514.9 TRAINING

The Training Officer should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Training Officer should confer with the prosecuting attorney's office and update training topics as needed.

Impaired Driving

514.10 ARREST AND INVESTIGATION

514.10.1 OFFICER RESPONSIBILITIES

The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

- (a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Department of Motor Vehicles (DMV).
- (b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.
- (c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.

Disabled Vehicles

520.1 PURPOSE AND SCOPE

Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction. The Department of Parks and Recreation is not statutorily included in this requirement. However the Department has established the following policy for assistance to motorists in disabled vehicles within the jurisdiction of the Department:

520.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the Communications Operator should be advised of the location of the disabled vehicle and the need for assistance. The Communications Operator should then assign another available officer to respond for assistance as soon as practical.

520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

520.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

520.3.2 JUMPSTARTING VEHICLES

Department personnel may only jumpstart vehicles for disabled motorists when services are otherwise not available in a timely manner and there are mitigating circumstances that outweigh the risk of jumpstarting a vehicle. Such mitigating circumstances include but are not limited to a remote location, weather conditions that threaten the health of the vehicle occupants, or young children passengers. Only personnel trained in the procedure shall jumpstart vehicles.

520.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.
