

NOTICE OF EXEMPTION

FROM: Department of Parks and Recreation
2241 Harvard Street, Suite 200
Sacramento, CA 95815

COUNTY: Mendocino

- Extend the existing roadway on the south side of the river;
- Conform the pavement, as necessary, on the north side of the river;
- Use sandbags or a bladder dam to dewater the river and pipe water, via gravity feed, through the site;
- Approximately 6-7 ft below the river channel elevation, compact the soil and install abutments on top of the compacted soil;
- Install rock slope protection to minimize future scouring;
- Install a pre-fabricated steel girder, two-lane, bridge with timber guardrails and barriers;
- Utilize the underside of the new bridge to carry utilities to the existing combination building;
- Remove the existing bridge and abutments, including the underlying concrete slab and upstream retaining wall; and
- Remove the damming devices and regrade the disturbed area to a more natural condition and allow for revegetation.
